SUBJECT: BLUE LANTERN LEVEL 3: POST-LICENSE/PRE-SHIPMENT  
END-USE CHECK ON LICENSE 050196988

REF: IIR 6 809 0246 09 OF 28 AUGUST 2009

¶1. (U) This is an Action Request. See paragraph 4.

¶2. (U) The Department's Office of Defense Trade Controls Compliance (PM/DTCC) requests Post's assistance in conducting a post-license/pre-shipment check on license 050196988 for the export of firearms and ammunition to Brazil. Post is requested to complete this Blue Lantern check within 30 days. Lack of response to a Blue Lantern check will affect pending and future licenses involving parties to this license.

¶3. (U//FOUO) Reason for Request: PM/DTCC has not done many Blue Lantern checks on firearms exported to Brazil, largely due to the relatively small quantities of firearms that are exported on any given export license. The current license for six (6) firearms and ammunition components is typical of most firearms export licenses to Brazil, in that the end-user is a specific individual and the quantity is relatively small. Nonetheless, reporting indicates that U.S.-origin firearms continue to be used in crimes in Brazil (REFTEL). This check is to establish the bona fides of the end-user and determine if the firearms will be retransfer to another end-user.

¶4. (U) Action Request: Post is requested to establish the bona fides of end-user Joao Antonio Franciosi by making inquiries to Mr. Franciosi and appropriate authorities of the Government of Brazil. Post is requested to determine why the end-user is importing six firearms and whether he is in the business of selling firearms in Brazil. The following points are included for guidance:

(To Joao Antonio Franciosi)

--Do you have any business interests in the firearms industry of Brazil? Do you ever sell firearms in Brazil? Do you sell firearms to customers that reside outside Brazil? If so, have you ever sold firearms you received from U.S. vendors?

--Please explain why you are importing six (6) firearms on this export license. For what will each of these firearms be used?

--How many firearms do you currently maintain in your personal collection?

--Are you familiar with the regulations governing the import of U.S.-origin defense articles, including restrictions on re-transfer or re-export?

(To Appropriate Import/Export and/or Law Enforcement Authorities)

--Is Joao Antonio Franciosi properly authorized to import and own firearms in Brazil? Do you have any record of Mr. Franciosi selling firearms?

--Do you have any information on Joao Antonio Franciosi that would question his reliability as a recipient of U.S. defense articles?

In its reply, Post may also comment on any other information pertinent to these transactions such as security of facilities, end-use, and concerns about the entities involved.
